28 May 2021

Mohammad Nabeel Uppel (2090704)

Also, guys plan out how the test cases are going to work, and I will help you guys write.
Basic idea is that the tester bot checks response after it sends a message.

Still working in the reactions stuff trying to connect it to a csv file for reports and reactions count.

Did anyone get their “.csv” file to work mine keeps saying no such file or directory so I cannot add or read from the file

2 June 2021

Neeloufah Alli (2095284)

Submitted a csv file with reactions in it.

Do u think the file is fine like this has the columns separated by commas with the 4 numbers at the end representing counts for reactions?

Nabeel Uppel (2090704)

Yes, that should be fine.

3 June 2021
